So if you have an opinion that is not PC or doesn't align with the narrative you get told your not a Christian and blocked on FB! Some don't want to actually have a dialogue/conversation over the fact that George Floyd had a criminal past. This will be the downfall if we can't discuss things and have different view points! Know one is going to shame me or make me question my love for CHRIST because I have a different opinion!

So just some FACTS about George Floyd ... I still believe he was MURDERED by bad COPS and JUSTICE NEEDS TO BE SERVED for that, but George was not a stellar pillar in the community. PROTEST on the fact these COPS ABUSED THEIR POWER and MURDERED this MAN but stop RIOTING and upholding this man as a saint cause he was not! STOP HARMING others for these BAD COPS ACTIONS... Innocent LIVES and Businesses have been destroyed all around the country, that had nothing to do with this mans death! Where is the JUSTICE for THESE PEOPLE?

THE MEDIA AND THE LEFT HAVE MADE GEORGE FLOYD INTO A MARTYR. BUT WHO WAS HE REALLY?

Sports/Bathrooms and so on Biden and his Democrat/Socialist Party is a detriment to Girls/Women! What freaking planet are these people from? There is no way I want to share a public bathroom with a boy of any kind, and there is NO WAY I would allow my daughter to share. Science tells me that Anatomically/DNA and Hormonally there is a difference!. There needs to be a specific bathroom for what they call all the other genders, let them share. This is becoming total insanity but what really gets me is this is what Biden thinks is most important...; unbelievable!

'Targeted Assassinations': Court Docs Uncover Shocking Details In Pro-Life Woman's \$5M Win Over Airline, Union

By Amanda Prestigiacomo

Aug 2, 2022 DailyWire.com

Courtney of Charlene Carter//George Rose/Getty Images

Union officials representing Southwest Airlines employees and activists ridiculed and even targeted for social media “assassinations” members who disagreed with the labor group’s left-wing political activism, according to damning messages reviewed by The Daily Wire.

Case 3:17-cv-02278-X Document 356-1 Filed 08/09/22 Page 25 of 49 PageID 10163

The messages, contained in court documents, were exchanged

between Southwest Airlines and Transportation Workers Union of America (TWU) Local 556 union officials and activists. They were revealed during a lawsuit brought by pro-life flight attendant Charlene Carter, a 20-year veteran fired by Southwest Airlines for her religious beliefs. A jury last month awarded Carter a whopping \$5.1 million – \$4.15 million from Southwest and \$950,000 from the TWU Local 556 union.

When Carter complained in 2013 about deductions from her paycheck going to the union's leftist political action committee, union treasurer John Parrot forwarded Carter's email to other officials with a message making fun of her.

"Ha! She has been supporting the thing she despises this entire time...," he wrote.

Todd Gage, a union vice president, joined in the mockery.

"I wish I could give her a list of all the campaigns she has donated to in the last 17 years! Her head would explode," he wrote.

Union officials, including its president, Audrey Stone, attended the [Women's March](#) in Washington, D.C., in 2017. The event receives funding from [Planned Parenthood](#), the largest abortion provider in the country. Stone, who was included in the email chain, does not appear to have admonished anyone for the inappropriate remarks.

It wasn't just Carter who came in for scorn when disagreeing with the union's politics, the messages show. Union members who apparently did not keep in line with the union on social media were "targeted" for "assassination."

Case 3:17-cv-02278-X Document 356-1 Filed 08/09/22 Page 28 of 49 PageID 10166
"I am all about targeted assassinations," an email from union activist Brian

Talbur reads, discussing social media dissidents. The message was sent to Southwest's then-senior director in inflight services Sonya Lacore, and then forwarded to Stone by Talbur.

"It IS maddening trying to reason with these sheeple," Talbur said, comparing at least one other critic to "cancer."

Talbur also called Corliss King, a black woman who later became a Local 556 executive board member, "incredibly dangerous."

"I am sure with her dreadful work history, there could be opportunity," he said of King. "She will play VERY well to the heavy inner city, minority crowd coming on board soon. She will be their voice. She will be a huge threat in our upcoming election as well."

Further, union critic Mike Casper was called a "cancer" that must be "eradicated."

"I highly encourage targeting people," Talbur wrote.

So my final installment on this subject. Shipman stepped up to the plate.

It IS maddening trying to reason with these sheeple. The issue becomes the "tumor". While I hate to give him credit for anything, Casper really was the first legit cancerous tumor that had any significant reach with 1000 members BUT in a relatively inactive sight. He could be contained. NOW with FB and 24/7 reach the characters become more relevant. Corliss particularly is something we have not seen before and is incredibly dangerous. The attitude she spawns is NW Airlines in the 80s. People listen and people react.

I am all about targeted assassinations. I am sure with her dreadful work history, there could be opportunity. She will play VERY well to the heavy inner city, minority crowd coming on board soon. She will be their voice. She will be a huge threat in our upcoming election as well. She plays very well to her crowd and has as much support as anyone I have seen in the past. Sam Wilkins is the other but she is a doll and truly "gets it". A huge advocate for SW and should be leveraged as much as possible. She is someone you should be reaching out to. She is smart, and she LOVES SWA and is a major major player that EVERYONE loves and respects. Well everyone except the Haters.

Social Media IS by far the major source of reach and must be used to our advantage. What I am really really disappointed in however is how so few people will stick their neck out on the line for the benefit of our employer that pays our salaries. I really am shocked and disappointed. There used to be more support. Now everyone is afraid of the bullies.

Cancer is a dangerous thing and must b eradicated when ever possible or it spreads. You cannot contain it, it needs to be eliminated. I would highly encourage targeting people and a one day detective with a video camera is a very cheap investment.

While I have sent this to a personal Email, I certainly am not awaiting comments on topics of above. I totally get the paper trail thing and NOBODY can be fully trusted. (except me of course. :). Just planting the seeds and hoping for a good harvest.

Talk to u soon and hope we can get together soon.

Since Carter's legal victory, both Southwest Airlines and TWU union officials have vowed to appeal the ruling. National Right to Work Foundation President Mark Mix pledged to "keep fighting" for Carter and others who've "experienced similar hostility."

"Ms. Carter demonstrated that, even in an overwhelmingly toxic environment, independent-minded workers can stand up, push back against union boss attacks on individual rights and free speech, and win," Mix said in a statement to The Daily Wire. "The evidence presented at Carter's trial reveals an ingrained union culture of intimidation and prejudice against dissident workers. While we will keep fighting to defend Ms. Carter's victory for her rights, flight attendants or other employees

Case 3:17-cv-02278-X Document 356-1 Filed 08/09/22 Page 30 of 49 PageID 10168
who have experienced similar hostility should not hesitate to contact the National Right to Work Foundation for help in defending their rights."

"Federal law governing labor relations in the air and rail industries allows union officials to demand workers fund their activities as a condition of employment," Mix added. "TWU union officials' attacks on employees who disagree with the union's agenda are the unsurprising result of a system in which workers do not have even the simple power to withhold dues when union officials violate their rights – an accountability mechanism Right to Work protects."

Janie Taylor he targeted anyone that did not think like him. It's not just about race, but that is pretty damning. If you want to know about how the Second VP President responded to that email after it was brought into evidence in Court. We called her to tell her about and I'd you want to know what was said about how she protects you, than message me. I will tell you TRUTH I promise. Know one should every be discriminated for anything at SWA or from the Union that's suppose to have your back.

Hope you will message me

The defense team called and asked me if I knew about it. I said NO only hearsay. That is the truth. Sorry you don't believe it. If I knew anything I would have told them.

Tina Coffee it was the summer of 2017 I came before the Board before I went to Arbitration the Board refused to take my case... but there should have never been a case it was AS President who turned me in for Union Business. They should have filed charges and sanctioned her, but instead they kept this up and then voted not take my grievance to arbitration. MM did that meeting when I called in.

Message me and I can send you the transcripts so you can see the horrible things things the different to me and others.

I'll give you my trust and hopefully I can trust you, that's what we need as FAs. But most of all we are people-co-hearts.
